

EVERY MEAL

FIGHTING CHILD HUNGER

NOTE FROM OUR PRESIDENT

This year continued our long path of navigating the effects of the pandemic in our community and focusing our work in helping families recover from its impacts.

From our call for volunteers to pack more food bags in January to our call to help cover the 30% increase in food costs, our Minnesota community responded with generosity, compassion, and determination. As a result, we were able to provide over 1,700,000 meals to children through our various food gap programs in more than 600 locations across Minnesota.

Although the immediate crisis of the pandemic is behind us, we look ahead and are prepared for the continued recovery. It is our responsibility to work together to meet the increasing demand for our food support and to continue ensuring children have the food they need to learn and grow.

My most sincere *thank you* to every donor, volunteer, and partner who has joined us in our work during these trying times. Together, we made a difference in the lives of thousands of children and families in Minnesota - and together, we will continue our work and impact this coming year.

COMMITMENT TO GOOD FOOD

Every Meal is committed to providing **GOOD FOOD** that retains the dignity of our children and families. We believe good food is nutritious, delicious, and relevant.

Nutritious:

Our staff dietitians work to ensure our food bags meet current nutrition standards for children and youth as outlined by the Dietary Guidelines for Americans and the National School Lunch and Breakfast Programs.

Delicious:

We taste test the food we buy to ensure children will eat it. For each item we provide, we make sure it looks, smells, and tastes delicious.

Relevant:

We offer five food bag options with a variety of menus designed to be culturally and situationally relevant for the different children and families we serve.

* The community's financial response to COVID-19 and civil unrest in the metro area in the last quarter of fiscal year 2019-2020 was generous and resulted in a fiscal year end surplus, which continued to fund our efforts for the fiscal years 2020-2021 and 2021-2022.

** Current fiscal year net deficit is due to utilization of previous fiscal year net revenues - mostly as a result of the timing of COVID-19 pandemic and donor response.
